2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

The SARC Report is intended to give the school community information about how Oliveland Elementary School is managed, how resources are utilized, and how our students are progressing on annual assessments. Oliveland Elementary and the Briggs Elementary School District are proud of their many accomplishments and recognize the need for constant review and improvement as necessary. It is our hope that you find the information useful as all of us continue to enhance the curriculum program for all students.

Oliveland Elementary School is truly an extraordinary place of learning. Our talented staff provides each student with a quality education aligned to rigorous Common Core State Standards, high academic and behavioral expectations, equity and a solid foundation and preparation to become successful college and career ready citizens. Oliveland Elementary adopted the school motto, READ. LEAD. SUCCEED. Our staff is dedicated to improving the reading level of all students so that they can succeed in all academic areas. Data is monitored regularly and intervention given to individual students as needed. Our academic goal is to guide our students into becoming critical thinkers and problem solvers in a technological advanced society.

The 2021-2022 school year began with full-time, in-person instruction for all grades TK through 4th grade. Due to the on-going COVID-19 pandemic, masks were required for all students and staff. The district also continued temperature checks upon entry to school each day. This continued until March 11, 2022 when Ventura County Public Health changed the mandatory mask mandate to a strong recommendation.

Oliveland Elementary School distributed a Chromebook to each student. Students in the elementary grades took them home to access the numerous online enrichment programs. In school, Oliveland offered six laptops utilized in a small group in each Transitional Kindergarten and Kindergarten classroom. Each Transitional Kindergarten and Kindergarten student also had access to an Amazon Kindle tablet and educational apps that gave students practice in foundational skills such as writing letters and numbers. Each classroom first through fourth grade was 1 to 1, meaning each student had his or her own laptop. On these laptops and the Chromebooks at home, students in kindergarten through fourth grade practiced their foundational reading skills through the program Lexia Core 5 and practiced their mathematical skills through the Mathseeds program. Students in first through fourth grade achieved math fact fluency through the program Reflex Math and students in third through fourth grade practiced their nonfiction reading and writing skills through the program Achieve 3000. In addition, independent reading was encouraged through use of the online Accelerated Reader program. School-wide incentive programs were available in both reading and math to encourage growth and progress towards these foundational skills.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Olivelands School sets a high priority on ensuring that sufficient and current textbooks and materials are available to support the school's instructional programs. Olivelands follows the State Instructional Materials Adoption Cycle, which reviews and adopts instructional materials on a seven-year cycle that coincides with the State curriculum adoption cycle. Teachers, administrators, and parents review proposed texts and materials, and then make their recommendations to the School Board for official adoption. The Houghton Mifflin/Harcourt English Language Arts/English Language Development curriculum was adopted in 2017. The Pearson enVision mathematics curriculum was adopted in 2016. The state of California is still reviewing Science and History/Social Science instructional materials that will be recommended for adoption. Olivelands will be looking to pilot Science and History/Social Science curriculums once available. Olivelands added STEMscopes as a supplemental science curriculum in the meantime.

There is an adequate supply of textbooks and other instructional materials required to support the school's instructional program. Currently, students have their own set of textbooks. An extensive variety of frequently updated reference and special interest materials, such as subscription to Scholastic News for each classroom are available. The district has affirmed that each student has their own textbook to use in class and to take home.

Every classroom is equipped with a teacher laptop, printer, a document camera and an interactive flat panel. Olivelands Elementary has ensured the laptops provided in each classroom are equipped with current operating software to meet the needs of the new testing requirements using the Smarter Balanced Assessments.

School Facility Conditions and Planned Improvements

Olivelands School was originally built in 1914 by the Limoneira Company. The School was rebuilt in 2003 with community bond money and now has 16 regular classrooms, a multipurpose room, a resource room, and an athletic soccer field.

Our school garden is housed on a portion of our old Olivelands School site. Within the school environment, our garden offers an unparalleled platform to help kids achieve learning goals in ways that are recommended by the California Science Content Standards.

We strive to maintain a safe, clean, and orderly campus that is conducive to learning. The combined efforts of students and staff help keep the school clean and litter-free. Our custodians take pride in maintaining organized, clean, and safe facilities. Rooms are cleaned daily.

Sun shade protection was installed in the kindergarten playground in 2018. Three replacement shades were installed over the lunch tables in 2019.

Fire pump was replaced with a new pump and all inspections have cleared.

HVAC replacements in 6 classrooms in 2018.

New energy efficient lighting and thermostats replacement for all classrooms and multi-use buildings in 2018.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	26	N/A	31	N/A	47
Mathematics (grades 3-8 and 11)	N/A	25	N/A	18	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

The beginning of the 2022 - 2023 school year brought about the change to allow visitors back on campus. As Covid-19 restrictions have changed, the school has begun the process of reviewing existing COVID-19 restrictions. Visitors are now allowed in classrooms for volunteer purposes and parents are now able to attend in person functions like award ceremonies and parent events and meetings. The district continues to strictly adhere to the guidelines from Cal-Osha, the California Department of Public Health, and the Ventura County Department of Public. All grade levels returned to campus by the end of April of 2021 and all students during the 2022 - 2023 school year are currently receiving in person instruction. Parents are able to participate in PFO, SSC, DELAC, classroom volunteers, parent events and field trips. Parent conferences are now offered in person and via Zoom to best meet the needs of each parent. Our participation rate for parent conferences remain very high at 97%. Our online parent communication system – Parent Square is an effective tool that we use throughout the academic year to reach the majority of our families on a timely basis. This system automatically translates messages to the language of their choice making communication with the families very easy and effective.

2021-22 Chronic Absenteeism by Student Group

Student Group	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.38	3.51	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The School Safety Plan was last reviewed, updated, and approved by the Board of Trustees on March 10, 2021. The district superintendent in conjunction with the school site council and site principal update the School Safety Plan annually. This school year, the SSC met on Nov 15, 2022 to discuss the current School Safety Plan. After discussion and lengthy review it was shared that we are going to revamp the Safety Plan and that the SSC could delegate the responsibility to update the new plan. The SSC voted to delegate the revision responsibility to the Superintendent, maintenance supervisor and the two admins of each site. Once the new plan is in place all staff members will be provided with regular in-service training regarding the plan and methods to provide a safe learning environment. The goal of Olivelihoods School is to create this environment as outlined through the School Safety Plan and by addressing the two components of school climate and physical environment of the school.

In regards to school climate, Olivelihoods School has four Guidelines for Success. They are: "I will respect myself and others. I will be responsible for my choices and actions. I will come to school prepared to learn. I will always do my personal best." This school year, Olivelihoods School expanded upon these Guidelines for Success by adding the Top 6 Rules in kid-friendly language. They are: Believe in Me, Be Kind with my Words and Actions, Be Honest and Say Sorry when I'm Wrong, Be Careful and Safe with my Choices, Be on Time and Be Focused, Be Brave and Try my Hardest. In addition, Olivelihoods School uses CHAMPS, a proactive, school-wide management approach that helps provide structures for positive student outcomes in school settings. CHAMPS allows teachers to positively reinforce, thus creating an established rapport with their students. The overall goal of the CHAMPS classroom management system is to develop an instructional system in which students are responsible, motivated, and highly engaged in the specific task-at-hand. Olivelihoods School expanded the use of CHAMPS this year by creating a tiered system of infractions and interventions that streamlines how all staff needs to respond to student actions. Olivelihoods School also implemented a Positive Behavior Program that supported student attendance and behavior. Students were able to earn points based on their choices and actions and received incentives at the end of each trimester dependent on the number of points they earned. Olivelihoods School continues to highlight character traits every month and has adopted the motto Ready to Soar! Olivelihoods School is dedicated to fostering student success in reading and monitors their progress closely.

In regards to addressing the physical environment and safety of the school, course of action have been prepared for instance of fire, earthquake, intruder, and disaster. School uniforms are not required at this time and we have a no-tolerance policy for weapons, drugs and violence. The staff annually received first aid and CPR training as part of the safety program.

Professional Development

During the COVID-19 pandemic, all staff development training was completed via zoom. Employees worked at their sites in their classrooms. Workgroup sessions included training in STAR Assessment and Reporting, Accelerated Reader and the Ellevation program . The goal was to improve usage of our online programs and enhance the learning of the programs' advanced features. Targeting Solutions, mandatory online coursework ,was also completed during professional development days.

This table displays the number of school days dedicated to staff development and continuous improvement.
